21894M Honda CB1000GT & CB1000F 2026> Belly Pan Fitting Instructions

Kit Includes:

1.	X1	C21894A	Belly Pan (LHS)
2.	X1	C21894B	Belly Pan (RHS)
3.	X1	C21890C	Belly Pan (Centre)
4.	X1	CFK21894A	Mounting Bracket 'A'
5.	X1	CFK21894B	Mounting Bracket 'B'
6.	X4	CBOLM60007	M6x12mm Flanged Button-Head Bolt
7.	X2	CBOLM60031	M6x20mm Button-Head Bolt
8.	X2	CWASM60010	M6 Rubber Washer
9.	X6	CNUTM60011	M6 Cage Nut (Pre-assembled)
10.	X4	CCAPM60002	M6 Bolt Cap
11.	X8	CRIV0004	Push Rivets
12.	X1	CTAP0004	Thermo Shield Tape (850mm)

OEM Parts (From the Motorcycle):

13.	X6	OEM CB1000	M6 Flanged Hex-Head Bolt

Assembly Instructions

Please do not fully tighten any fixings until all mountings have been secured, unless stated otherwise.

- Begin by locating both mounting brackets, 'A' (**Item 4**) and 'B' (**Item 5**), fixing them to the motorcycle in the configuration shown in '**FIG. 2**' using the OEM M6 engine casing bolts (**Item 13**). Fully tighten to **9Nm**. Please note, the oxygen sensor on the LHS (riders POV) of the exhaust will need to be removed temporarily whilst fitting mounting bracket 'A'. Ensure the sensor is refitted to the exhaust once the bracket installation is complete.

- Cut the Thermo Shield Tape (**Item 12**) into strips and attach to the LHS panel (**Item 1**) and the centre panel (**Item 3**). See '**FIG. 7**' for reference.

- Attach the LHS panel (**Item 1**) to bracket 'A' using 2 x M6 x 12mm bolts (**Item 6**). Once **partially threaded**, use 1 x M6 x 16mm bolt (**Item 7**) in the remaining mounting point. Please use '**FIG. 4**' for reference.

- Repeat the previous step for the RHS panel (**Item 2**), using '**FIG. 5**' for reference.

- Use 8 x push rivets (**Item 11**) to attach the centre panel (**Item 3**) to both side panels in the order illustrated by '**FIG. 6**' for reference.

- All bolts can now be fully tightened. Place 6 x M6 bolt caps (**Item 10**) on all M6 bolt heads. Please take care when tightening the M6 x 25mm bolt (**Item 7**) to avoid any damage to the side panels (**Items 1 & 2**).

The installation of your Pyramid Belly Pan is now complete.

Please Note:
We advise that all fixings are checked periodically.

FIG. 6

'**FIG. 6**' shows the locations for the push rivets (**Item 11**) to be placed. When connecting the centre piece (**Item 3**) to the side panels, please refer to the numbers next to rivets in the figure above. These numbers will indicate the order with which the rivets should be inserted for easiest fitment.
