

Installation Instructions for Mustang Two-Piece Seat on 2011 Yamaha Stryker

Removal of stock seat

1. Use ignition key to unlatch front of driver's seat.
2. Lift nose of seat up and forward to release seat from center hook bracket.
3. When the center of the seat is free, pull the whole seat back off of the rear fender bracket.

Installation Instructions for Mustang Two-Piece Seat on 2011 Yamaha Stryker

Installation of Mustang seat

1. Remove the stock center mounting bracket from the rear fender.
2. Install the supplied solo seat mounting bracket using the two nylon washers under the bracket and the two button head screws to secure it to the fender.
3. Place the Mustang rear seat onto the rear fender and push it back onto the stock U-bracket. Then align the front mounting tab with the threaded stud of the new center mounting bracket.

Installation Instructions for Mustang Two-Piece Seat on 2011 Yamaha Stryker

4. Use the supplied 1/4-20 flange nut to secure the front of the rear seat to the mounting bracket.

5. Slide the front seat down and back until its rear bracket engages the front of the center mounting bracket. Bring the nose of the front seat down, aligning the seat's latch bracket with the latch on the frame of the bike. Push the front of the seat down until a click is heard.

6. To release front seat latch, insert ignition key and turn counter clockwise.

These steps are guidelines to help you install your new Mustang product. If you need further assistance please call us at 800-243-1392, Monday through Friday 9:00 - 5:30 Eastern or send an e-mail to questions@mustangseats.com or visit our website at www.mustangseats.com.
